

**Data for Good
Datathon**

QUB GIFT City Datathon 2026

Challenge Brief

Tourism for
Inclusive Growth in
Gujarat

**QUEEN'S
UNIVERSITY
BELFAST**

**INDIA
GIFT City**

Background

- Tourism is a major driver of economic development in Gujarat. The challenge is to use data to support tourism planning and investment decisions.
- Gujarat is currently the third highest receiver of foreign tourists in India, but at the same time there have been issues reported around ‘on-the-ground’ experiences at tourist sites.
- The state has also declared 2026/2027 as the “year of tourism”.

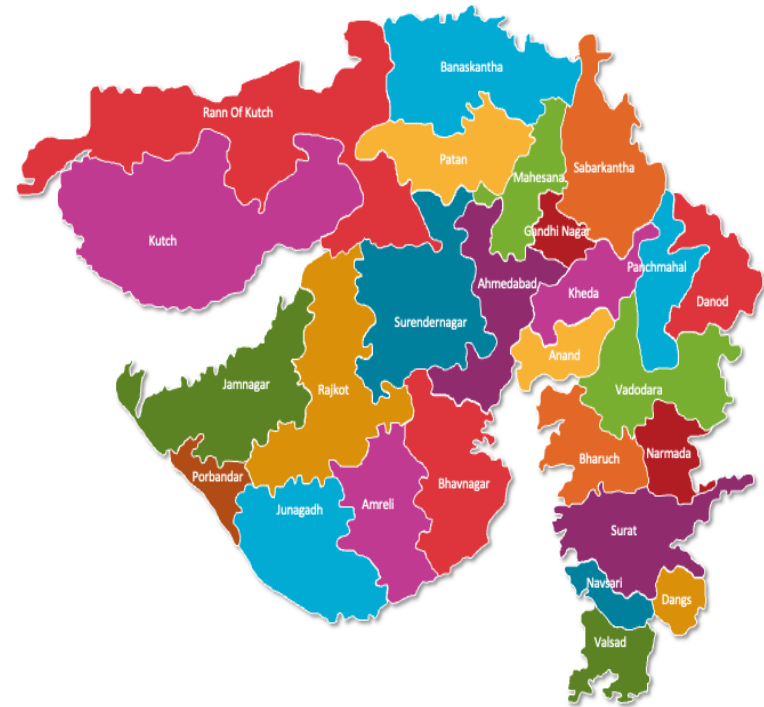

The Challenge

Where should Gujarat invest its ₹6500 crore tourism budget to maximise economic development, employment creation, regional inclusion and environmental sustainability?

Available Data

- Hotel and accommodation data
- Tourism statistics
- District socio-economic indicators

Your Task

**Identify opportunities to improve
tourism outcomes while promoting
inclusive and sustainable
development.**

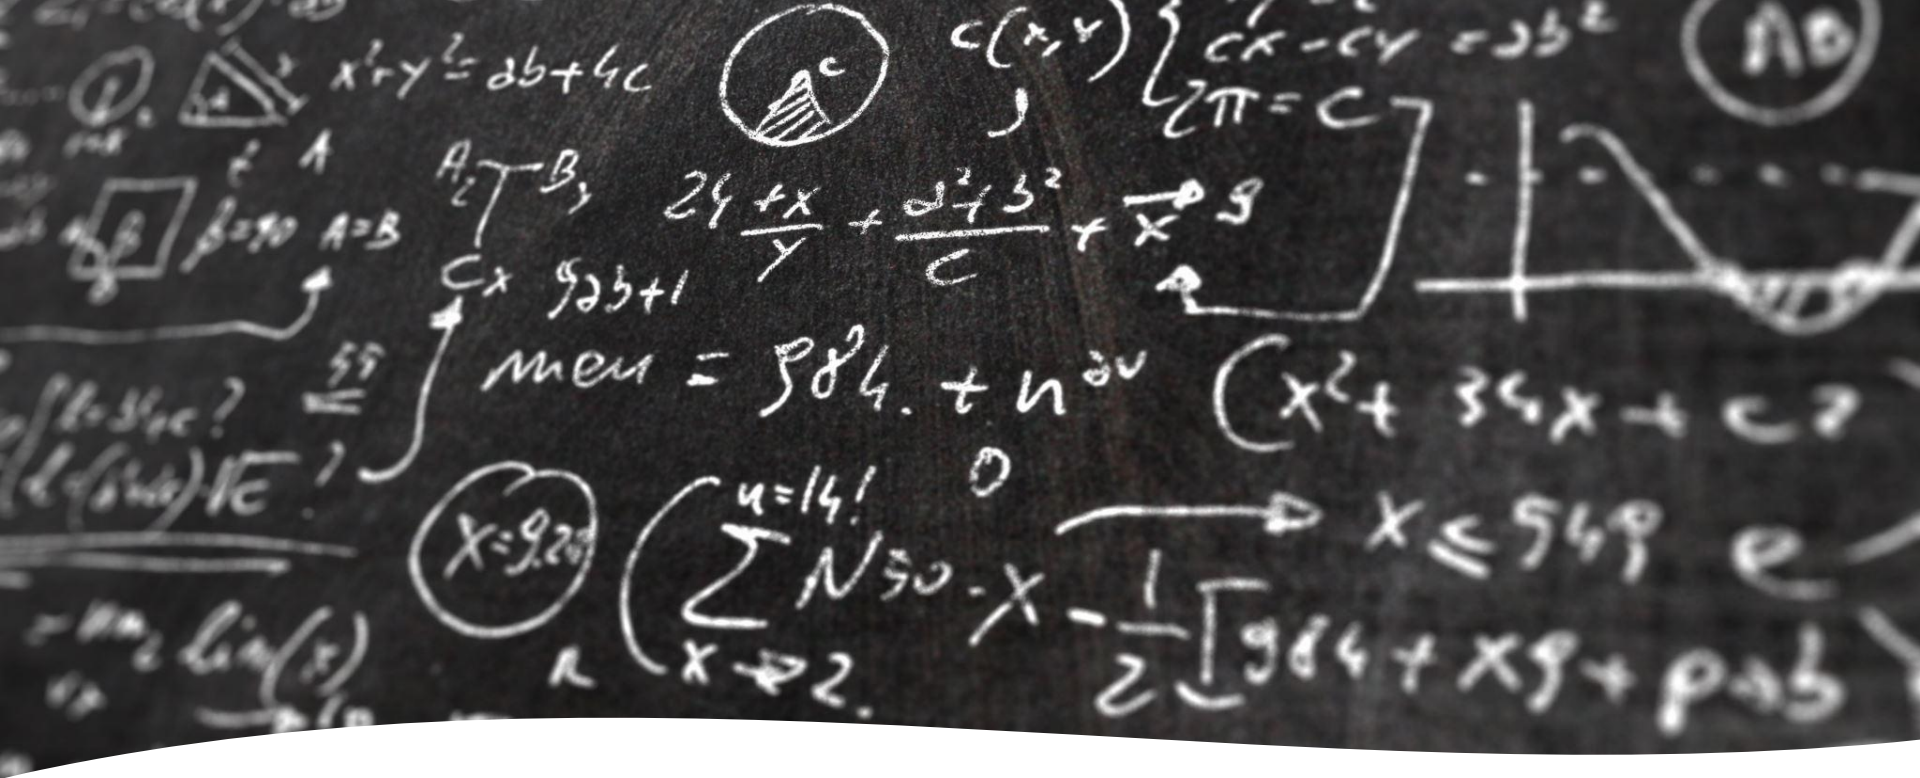

Analytical Approaches

- Data visualisation
- Predictive analytics
- Financial analysis
- Statistical modelling
- Geographic analysis

Deliverables

**5-minute presentation covering
problem, methodology, insights,
implications and recommendations.**

Remember...

**Transform data into
decisions that create
meaningful impact.**

Data for Good
Dataathon

Good Luck!
